EMMANUEL EMMAUS WALK #25 REVIEW

Brothers and Sisters in Christ,
Walk #25 was great. The Holy Spirit was real to our sixteen pilgrims. We has some sickness with pilgrims and team members but; God saw fit to carry us through as always. Adjustments started on Thursday night, needing to adjust tables and table leaders. The team's servant spirit was present as we dropped one table. Bonding came quickly. We had Satan on the run, but he didn't give up; we gave all to God and had victory. Dying Moments and candlelight were great giving times. By Sunday at closing we were on the top of the mountain, holding up the victory flag for Jesus. Some said the devil was in the phone both dialing 911. I said he was in the trauma center by Sunday afternoon. These pilgrims saw that God is real and alive. Praise God for what HE DID-not us-but him. To God be the glory. For those who worked behind the scenes, thanks for your support.

DeColores,
Dale King
Lay Director Walk #25

EMMANUEL EMMAUS WALK #26 REVIEW

God is good all the time; and all the time, God is good!
God truly blessed the pilgrims and team of Emmanuel Emmaus Walk #26. The memories of this walk are ones that I will cherish the rest of my life.
The weather was never a problem. It was amazing how the sun came out long enough Friday morning for our group photo and how it began to rain again just as we returned to the conference room. We were allowed to have our chapels, Dying Moments and cross ceremony outside; we were blessed to hear the birds singing, feel the breeze on our faces and experience the beauty of God all around us.
The pilgrims bonded early as was evidence by their helping one another to make their beds on Thursday night. Their creativity in their posters and skits was inspiring; I don't remember ever laughing or crying as much as I did during these presentations. These women were very considerate of one another, looking out for each other as we moved from place to place and reaching out in love when one was hurting.
Our spiritual directors were wonderful. Each of them brought different gifts to our walk and touched the pilgrims and team very deeply. Howard Fleming is to be commended for spending three days almost exclusively in the company of women.
I thank the Board of Directors and the community for allowing me this opportunity; and I thank God for allowing me to be in charge while always reminding me that it is HE who is in control.

In His Service,
Lynn Kevitt
